

A. Marie Field

April 16, 1939 - June 17, 2014

A. Marie Field

April 16, 1939- June 17, 2014

Marie Field died peacefully on June 17, 2014, shortly after a diagnosis of pancreatic cancer. She is survived by her husband Butch, and their daughter Jean and her partner Tim and their children Michael and Vivian. She is also survived by nephews Jeff, Craig, and Gary and niece Cathy and their families.

Marie leaves many good friends and acquaintances in the Willamette Valley, many made through her love of animals and art, but many others became friends upon their first conversation. She was active at the Benton Senior Center, Vistas and Vineyards “en pleine air” painting, Corvallis Art Guild, Mid-Valley Chapter of Equestrian Trails, McDonald Forest Trails Committee, Benton County Sheriff’s Mounted Posse, WOW and Anytime Fitness.

She greatly appreciated the care given her pets and other animals by Dr. Brett Hickson at Alpine Animal Hospital. Marie wanted to give heartfelt thanks to Dr. Byram, Laurie, and the staff at Philomath Family Medicine for their excellent and sympathetic care over many years, as well as the staff from Benton Hospice, Laura, Luke, and the on-call nurses who were very supportive, sympathetic and caring during her last days. At her request, there will not be a public service.

Comments

“ My sincere condolences to Marie's family and friends during this time. I had the pleasure of getting to know this lovely lady as I started to Coordinate the Chintimini Artists at the Senior Center a couple of years ago. She and I shared a fond love for Tennessee Walkers and for family, of which she would share stories and give me advice for my first son, often. Marie, I will miss you. You will be in my thoughts everyday. You had an impact on me and you will forever be in my heart.

All my best,
Chelsea Chytka
