“ Mike and family,
I am sorry to hear about your loss. She was such a caring person. I fondly think of my visits to the Netwons when she took care of our son Peter (while Mike and I were out talking forestry). I remember watching them and thinking she was the perfect grandma. Fond memories

“ I am pretty sure that Mike and Jane's son Tom is the longest term friend I have, I can remember when they built that big house on the hill in the middle of nowhere and how much our family (especially I) loved going over there. I remember how much fun Mrs Newton was, always with smile and a distinctive and infectious laugh. I remember cookies and a big table with lots of food. Those memories are from my pre teen years, maybe not so accurate but most important, they are good memories. Tom and I have been in and out of contact, recently mostly out and that is too bad. I grieve the loss of this amazing woman but I rejoice that she is home and whole again.

“ Dear Mike,

I have many fond memories of my many visits with you and Jane at your home. It felt like my home away from home as a graduate student and your hospitality was much appreciated. Countless engaging and deep conversations with Jane about religion, politics, natural sciences and conservation we had over the years. My best memories are from last Spring during a brief stopover in Corvallis with my kids, when on Jane's request we broke off conversation to go outside and play Frisbee all together on the lawn in the bright early morning sunshine.

“ Dear Uncle Mike, Dan, Lindy, Tom and all the family,
Leanne and Nancy have just told me about Auntie Jane's going to our Lord - what a great party must be going on in Heaven. Sadness here but joy there. Condolences to you.

A gracious, kind, compassionate, welcoming, loving, passionate, social minded, gentle, woman, so very like her sister. The Websters certainly made good kids (she looks so much like her mother in this photo). I remember we first met when Michael took me to visit you all, and how wonderful and friendly your household, and how amazed I was that Auntie Jane had a whole big drawer absolutely chock full of chocolate buds in the kitchen - I had never seen so many! I was only thinking about her last night and how she was so upset with Border Control about having to throw out the runner beans - the ones she had freshly picked from your garden in the morning, and was bringing in to Sydney because she thought Debby would like them to cook for dinner. And I remember her visiting and sitting at their bedsides, with the at home hospice people. What a beautiful lady.

Her reach extended way pass her home borders.

Thinking of you and upholding you in my prayers.

Love to you all,

“ Dear Mike,
My thoughts go back to 1958 when the forestry grad students would meet. You and Jane would bring your kids in sleeping bags for an evening of good fellowship. Jane was always so friendly and inquiring even though we seldom would see each other. I'm grateful for Newton memories.

“ Dear Mike:

We were so saddened to hear that your life-long companion, Jane, passed away last week. She was an extraordinary lady and set a wonderful example for the rest of us to aspire to--but, alas, never equal. Her lasting legacy is her family, and we trust they will all rally around you during this time of grief. We're confident that her vibrant, loving spirit will ultimately prevail and leave you with nothing but fond memories.

“ Mike and Family,

Just learned of Jane's passing. We have thought of her and you many times these past months but too much got in the way of visiting you both. I will miss her council on getting the paper work right on the timber sales and other forest practices. Her opinions always shed light on the topics under discussion. Mike hope to stop and visit when things settle down.

“ Our most sincere sympathy over the loss of Jane. She was a treasure. We were quite newly married when we met and she did a lovely job of mentoring us newly weds, Early memories we're of picking strawberries (lots of them) and then getting day-old cream from Shreibe`s dairy and making whip cream (lots of it) for our recently picked berries. As time went on we came to know and appreciate her dedication to family, government and especially natural resources management. Visits with Jane were always warm and welcoming and we would return home invigorated and also vowing to do the right thing. Thank you Jane for the time you spent with us. Betty and Logan Norris

“ Dear Mike and family,

Oh I am so sorry to learn about Jane's death. Anyone who was a graduate student at Oregon State University with some involvement with Mike was always treated like family by Jane. Jane and Mike were such a wonderful and loving partnership. It is so hard to accept that this dynamo of energy is no longer with us. Among my many fond memories of Jane I think back to a recent visit to the Newton house as Mike and I discussed a manuscript and forestry issues. Then we sat down to a simple lunch of soup, cheese, and bread. Jane was right there with us, engaged in our passionate conversation. God bless every Newton and friend of Jane's during this time of grief.

“ Dear Mike and family,

Although our paths have seldom crossed this year, we were surprised to see the notice in the GT on Tuesday that Jane has passed away on Sunday. We think back fondly on all the dance parties we attended at the Newtons. What fun they were, and what a good excuse for friends to break bread together and drink home-made beer. We grieve the passing of a great lady, and extend our condolences to you.

“ My thoughts and prayers are with all of Jane's family & friends. I knew Jane from many years ago when she oversaw the forestry area at Farm Expo. She was great with the kids and they learned a lot from her. She touched many lives. Tammy Skubinna, retired 4-H Faculty in Benton County.
