“ Section 11, Row 59, seats 3 & 4. Those were Bob and Maxine's seats in Parker/Reser stadium over a span of about 30 years. I know because I had seats 5-8 for about 25 years and always sat next to Bob. No matter the results of the games (generally not positive over many of those years) I enjoyed every minute of their friendship. Bob and I were always generous in vocalizing our opinions and suggestions for the football staff. Maxine sweetly tolerated our nonsense. We started by wondering if the coaches knew that tight ends were eligible pass receivers and it ended up over time with one of us asking the other if the tight end was eligible in the next quarter. Both of your parents watched my kids grow from little kids to being parents. Bob took particular delight in teasing my son when he was accepted to "Seagull Tech", Bob's name for UW. My son Scott and I toasted Bob and Maxine before watching the OSU game on Saturday not knowing that he'd passed away almost two weeks earlier. We will toast them before every game going forward. And now, in a brief 18 months, both have passed away and I'm very sad but will cherish the many fun and fond memories created in row 59 for the rest of my life.

“ My husband and I knew Bob through golf at the Corvallis Country Club. He was a pleasure to partner with. I remember if his shot didn't end up where he expected he would say "nuts!". I knew Maxine through Quilts From Caring Hands.
