

## Alan Butts

December 12, 1938 - May 16, 2022

Alan Butts passed away peacefully May 16, 2022 of rapid onset lung cancer, at age 83. Alan was raised in Fresno, California, where he attended college and met his wife Judy. Together, they raised their son, Craig, and Alan spent most of his career in the petroleum industry.

Alan was an avid photographer and accompanied Judy on her many birding trips across the globe, capturing pictures of nature and animals in their natural habitat. Alan was especially fond of Africa, and they made several trips there.

Alan was a big fan of chocolate peanut butter pie and enjoyed spoiling his grandchildren with hot cocoa with extra whipped cream. Until recently, you could find him on his daily walks in downtown Newport, Oregon, showing off his beloved dog, Daisy, to the locals.

Alan is survived by his wife of nearly 62 years, Judy, his son, Craig, daughter-in-law Mary, and his two beautiful granddaughters, Andi and Julia.

“ I have some extremely fond memories of my dad. Growing up, he and I would smell up the house with crackers and sardines - a delight to our pet cat, but not so much my mom. My dad's passion for photography spilled off on me, and I recall great memories of us going on photography adventures, especially for the short time we lived in Kansas City. Another great memory was riding dirt bikes in the deserts and mountains of Southern California. I got lost one time after riding solo in the desert, only to be rescued by my dad! Another impact my dad had on me was on my musical tastes. I still have a love for jazz, country and R&B, thanks to the music I heard growing up. My dad was always present for me, and I will miss him.

I worked with your Dad in the Petroleum Industry.  
What a great, fun guy he was.  
I've been out of the business for years, and just learned of his passing today.  
Blessings of Peace.
