“ To the family of Alan I offer you my sincere condolences. I was fortunate enough to meet Alan when I worked campus security at OSU. Alan worked for the custodial service and could be counted on to be at work consistently and always do a good job. He was friendly and had a good sense of humor. His presence sure made my graveyard shifts more pleasant. I lost touch with Alan when I was away from my job for an extended time dealing w/my mother's estate. He slipped in to retirement and left the campus. I know he cared for his mother for many years and I admired him for doing so without ever a slight complaint. You can reach me at 541-231-1724. I am trying to find photos of Alan that I took back in the early 90's.
