

Austin Monti

March 13, 1994 - August 23, 2024

Austin Monti was a beloved granddaughter, niece, sister, and friend. She had a bold personality that could fill a room. Austin had a way about her that made others feel seen. She was a complex person who felt deeply; she enjoyed cooking, traveling, and being outdoors, which she did often with her love, Lorena. Her mischievous smile and wild humor will be very missed. Survived by her sister Devon, brother Mason, and cats, Stannis and Davos. Her spirit will be carried on through all the lives she has touched. Austin will be remembered by her loved ones in the small beauties of life; the perfect bites of food, soft blankets, great candles, silly coffee mugs, and clouds in a night sky. May she rest in peace and be rejoined with her mother and father.
