

Beverly Irene Caron

November 26, 1936 - December 15, 2022

Beverly Irene Caron of Corvallis passed away December 15, 2022 at age 86. She will be greatly missed.

Beverly was born in North Brookfield, Massachusetts, and lived in Maine, New York & Michigan before moving to Corvallis in 1969 with her husband Andre and four children.

Beverly was a skilled seamstress and enjoyed an alteration and sewing business with her neighbor for a few years. Upon her husbands' retirement, they became realtors and began work at Benton View Realty. Beverly loved to laugh and joke, feed the birds and squirrels in her backyard and 'just be home'. Married 63 years, she missed her husband terribly after his passing in August of 2019. Thank you to all those at The Corvallis Elks who greeted her fondly after Andy passed away, and continued to ask about her.

She is survived by her brother Dennis, children Stephen and Andrea, grandchildren Seth, Danielle, Luke and Nicholas as well as her great grandchildren Zachary, Alivia and Makenzee. Her eldest son Marc passed away in 1991 and Michael in 2021.

Please leave your condolences for the family below.

“ Stephen and Andrea, I don't know if you still check to see if anyone has added a note but I wanted to add a late comment on your wonderful mom. I worked for and with Andy for decades. He was my regional manager and my friend. Bev was his wonderful and beautiful wife who was the bedrock of the house. Too many kindnesses to recount but a big one was Bev and Andy inviting me to live with them for several months when I had a painful divorce. They graciously claimed I was no problem as a guest. We had before dinner drinks almost every night. They were giving and fun. Bev seemed to know everything that was going on in our community and at the Elks. I joined the Elks so I wouldn't loose contact with Andy and Bev after he left NCASI. I left the Elks when I thought they treated him poorly after he gave them what turned out to be sound advise. But they both stayed loyal to the Elks. Just two good people.

I had a vivid dream about your mom last night. We hugged. She looked so pretty and healthy and of course so gentle and loving. I asked her how she was holding up and she said she was great but worried about the tears of her children. 💔. Strangest thing I very rarely remember my dreams but woke up this morning smiling about it. She has such a beautiful soul.
