Age 51 of Corvallis passed away on Tuesday, June 17, 2025.

Born July 12, 1973, in Portland, Oregon. He was a son of Dennis and Janet Randall. Brian grew up in Tillamook until 1986, and then his family moved to Salem where he graduated from McKay High School with the class of 1992.

In 1997 Brian welcomed his first daughter into the world. He then added three more daughters to his life in 2000, 2003, and 2005. They are his forever pride and joy.

He worked various jobs throughout his life to help support his family, but the one that felt more like he was a part of a team was when he joined a construction crew as a flagger.

In 2021, Brian got a second chance at happiness when he met Chelsea. She was "his soulmate, his forever girl", Brian would say. They married on July 23, 2022, and started a life together in Corvallis.

Brian was known for his kindness, loyalty, and humor. He was a die-hard New York Yankees and The Oregon State Beavers fan. His main love was his family. Brian's wife, daughters, grandchildren and fur kids: Ruger and Remi, were his everything.

He is survived by his wife: Chelsea; his daughters: Bree, Amber, Katelyn and Danielle; his grandchildren: Mia and Dominic; his mother: Janet, and his brother: Eric.

Brian was preceded in death by his father: Dennis.

“ I met Brian while working for a flagging company in Salem. I was a Supervisor and he worked for a company we hired to control traffic. He stood out to me at the time as many flaggers were just marking time and were very serious about it. Brian was more professional, he had an attitude that meshed well with the job. I retired from Flagging with ODOT in 2019, but had done various flagging jobs on the side for years at events and festivals. I hired Brian to work with me at the Eugene Pro Rodeo, as it required detailed person to navigate traffic at our annual event. After a few years I retired from that and handed the reins over to Brian knowing it was in good hands and I never looked back. After our last Rodeo together he was getting married to Chelsea, I could not attend but wished him well. I ran into Brian several times after that while he was on the road, (I always carry my radio still so I can tune into construction sites) so I would break in and say hi while going thru his traffic "Q" I talked with him in March and all was good we laughed and reminisced about stuff and said "see ya later" Two weeks ago I was called by the rodeo staff and was told the sad news of his passing. My thoughts are with his family, he had just started to build a new life with, and his fellow flaggers whom he had worked with over the years as a second family. I will always flash on his memory every 4th from now on. Rest in peace.
