“ *Crystal was a neighbor on Kiger Island. I'd stop and say hi when she was working in her yard. My favorites are her lilac hedge and bearded iris. One day I said. "Oh a drop of rain hit me in the face". She replied, looking at no clouds in the sky, "you just spit on yourself"..LOL She was so funny with a dry sense of humor. Another memory was just a short time ago, she sprinted to her mailbox!!! I will miss her.*
