“ Nita, Hannah, and family--we will always fondly remember David's daily "dog mobile" stop at our house to pick up our basset hounds for their outing. We especially remember both Nita and David's taking care of Bogart in his last weeks when we were at work each day. He had a special gift with his doggie friends (and neighbors). We know he will be missed. We will donate a remembrance at the Heartland Humane Society in his name.
