“ Liz,
I will miss you. Our political debates were lively. I regret that we kept putting off that dinner date. I know that you had been in Portland a lot in the last year and I wasn't surprised when you told me you were considering moving there.

Several of our mutual friends have asked about you. I know a few will write remembrances. I will miss you a lot!

*Larry and Family,
I know that you were close to Liz. I don't think we ever had an extended conversation where she didn't mention you. I sincerely hope that we can keep in touch. My email is Annabelle@peak.org.*

I've tried to post messages this past week - haven't had much luck. Maybe this one will work!

“ Dear Larry and Kapustka Family,

We are sorry for your loss. Although we really had not been in contact with Liz since she moved to Oregon, we have many, many fond memories of her loving kindness. She was a thoughtful, caring person who often gave more than she received. We were blessed to have her as a part of our lives for so many years.

“ Dear Liz,
We'll really be missing you this campaign season when we're sitting around talking about the day's events. Just wish you could have seen Hillary elected President. I miss your stories from around the world in earlier days. Miss your stories about your family and especially those precious nieces. Thanks for your insightful comments and your wonderful laugh. You will be missed. Hugs to your family
