“ *Elsie was the sweetest lady! I grew up with her as my across the street neighbor in Sacramento, California. She was a second grandmother to me. She knew me since I was born and I give her credit for teaching me how to swim, my love for collecting spoons, and the reason why I love bells! She always made the best ice tea and had rice cakes stashed away for us for after swimming snacks! She had this amazing grandfather clock passed down from her family which was super amazing! We would visit her on Thursday nights and talk about her childhood, she always had the best stories. When I was about 15 she moved to Oregon. She would write letters to us every holiday which we looked forward to. She will be missed! Rest In Peace my dear Elsie!!*

“ *I will miss her. I played bridge with her at the senior center and at the Elks. We had both been girl scout leaders so we had lots of stories to share. We were both swimmers. I talked her into leaving Timberhill and going to Osborne because Osborne is cheaper, cleaner, and has lots of parking near the door for seniors. She shared a birthday with my husband. I was supposed to take her for a birthday lunch and got busy playing golf. I always thought I could take her "later." I am so sorry there is no "later."*

“ I came to know Elsie through the Newcomer Club, which she was a member of for many years. . I was able to keep in touch with her because she was a member of the bridge group at the Corvallis Elks. She always had a friendly greeting and smile for me. she will be missed.
