“ When I wrote to my son, Taylor, letting him know of Jerry's passing and yet another void in life that that would go unfilled, he wrote back to me, "You can't think about it that way. They are never really gone. Their presense is always around so long as you choose to never forget them. They are part of you and it is your job to make sure they always will be. There is no void, just obstacles to overcome." I choose never to forget our college days, the laughter, the challenges and fortunes of friendship, the roof he put over my head, standing beside him as Best Man, his standing by me as Best Man, the long conversations about life, the joy of loving our wives and kids, and so much. Jerry, you are a part of me and always will be.

“ So sorry to hear of your loss. I will always be grateful for the group at OHSU Health and Safety department that took me under their wing as my family prepared for and attended dental school. Jerry was a big part of that group. I was always impressed with the way he focused on the small details of life. Not until I started my practice did I fully appreciate the wisdom in ensuring that details are attended to. I thank Jerry for showing me an example of taking time for the details. Your family will be in our thoughts and prayers. May God bless you with peace and understanding.

I was looking online to touch base with old friends from the past and was so sorry to hear about Jerry's passing. I have fond memories of Jerry in 1980-81 at OSU. We we're roommate s at the Beaver Lodge and he was a good friend and like a brother to me. Will miss you buddy. Rod Hiatt
