“ Heinz and Anne were lovely people. They ‘adopted’ me when we lived in Bismarck, North Dakota. They nursed me back to health and consequently I was able to complete college. They will always have a fond place in my heart. Heinz was an avid gardener, even made trees flourish in cold North Dakota. And they are still alive and flourishing. Anne loved people and visiting. As the two came from Germany, they knew in the 70’s how the US was going to go if the directions were not changed. They talked about the possibility of becoming a fascist state back then. I’m glad they don’t have to see what is happening now. Anne also loved to bake. So many good times with these somewhat reserved folks. I am grateful for every minute spent with them.
