Janma this is still hard to believe. We're missing you so much already. You were the BEST mother inlaw anyone could ask for. The most amazing mother, grandmother and so much more. Your leaving has left a huge hole in our hearts and we will never be the same. I love you Janma and I'm going to miss so, so,so many things about you. You taught me how to sew and opened my world to art, you've done so many things for the grandkids, but most of all you showed us what it was like to be accepted and loved unconditionally. My heart hurts deeply and we love you.
