“ *It seems like I knew June forever at the Church of the Good Samaritan. She was always so friendly and outgoing. During her last couple years that she attended Sunday services she'd always call my husband her favorite Duck. Her bright smile and readiness to tackle any project were important gifts to everyone around her.*

“ *Rollie, Erica, Dick, Cynthia, and family,
About three years ago my middle sister Robin and I were visiting Timberhill Place to get on the waiting list in case our mother might need to move there. We passed June in the hall, and I recognized her right away. When we introduced our selves as daughters of Pat Gibbs Phillips, June lit up and remembered that they were Chi Omega sorority sisters, along with June's sister Patricia.
I am saddened to hear of her passing yet happy at my memories of her, which go back as far as the mid 1970s when I was working at Wilson Motors and she and Ralph would bring their cars there for repair.*
