“ My memory of Lexie goes way back to a sweet little girl who I loved dearly. She was so cute and polite she loved being loved. The time I got giving her rides to school playing games ,camping, were the best. She was like my own daughter,i wish I could have known her in her adult life aswell. I'm sure she was the same sweet girl that she was as a child. I didn't know she had a son I'm sure if he is like her he is awesome. I love you Lexie lynn and thank you for the memories I was so blessed to have of you. Love Kenny Latham
