DR

“ I have known Margaret Hansen my whole life. She and my mom Jennie, (also middle name Mae) were best friends from middle school on. While growing up we spent a lot of time with the Hansen family, at our house, but more frequently at theirs because they had a swimming pool. When Margaret and Ken moved to Oregon we all stayed in touch via Christmas and birthday cards. She and my mom continued their long phone chats until 2009 when my mom died. After that I stayed in contact with cards, emails, photos, etc. Margaret adored her boys, grandkids and great grandkids. She was a good cook, a wonderful hostess and one of the last connections to my mom (aside from blood relatives). I am grateful for every conversation she and I ever had. RIP Margaret, you deserve it!

“ I will never forget the day that I saw Margaret out and about driving. I tried to flag her down, but she didn't recognize me in my car and thought I was an angry driver following her around. When in reality, I was trying to get her attention to pull over and ask her to go to lunch. Man did she have a lead foot! When she finally pulled over at Kenny's house and saw that it was me, she laughed like crazy! She should have been a race car driver, I could barely keep up with her. We laughed about that day for many months. She will be missed! - Staci Monroe
