JK

“*Dr. Marianne was a classmate of mine in veterinary medical school. We both graduated in the class of 1995 from the College of Veterinary Medicine at Oregon State University. She was a standout in veterinary school, consistently demonstrating the remarkable combination of dedication, kindness, compassion, generosity, fairness and ethicalness. She was able to stay true to her dreams in spite of numerous set backs which she handled with grace & resolve. Our beloved fellow doctor was far too young to have been so severely injured in a hay loft fall and to have endured its devastating consequences. Fortunately my life was enriched by knowing her. She'll forever be remembered for her smile and outstanding heart. To her loved ones, I extend my deepest condolences for your loss.*

*Jane Knoper, DVM (Scio, OR)*
