

Martha "Lynn" Haiston

June 8, 1939 - September 17, 2020

On Thursday September 17, 2020 loving mother, grandmother, great grandmother, and friend passed away at the age of 81.

Born June 8, 1939 in Los Angeles California the only daughter to parents Martha Lynette Trambley and Richard William Trambley. Known as Lynn by most people. Lynn grew up in Santa Monica, Southern California where she enjoyed the beach and surfing. When her parents moved to Mammoth Lakes, California in her early adult life, she followed them. In Mammoth Lynn took up skiing becoming a ski instructor and enjoying the mountain resort life.

As Lynn was raising her 5 children she later returned to Southern California settling in the San Bernardino, Highland area where she began her career as a Child Care Director. First as Director at the YWCA and then opening her own Lynn's Family Home Daycare.

Lynn was more than a Daycare provider she became family to many of those she cared for. She always welcomed everyone in her home and treated them as if they were family. She would always say being an only child she wanted to surround herself with a big family.

Lynn had a huge heart for people and that came from her love and devotion to the Lord. She followed Jesus and always shared the love of Jesus with those

that knew her. Her strongest dream is to be reunited with everyone in heaven

Lynn is survived by:

“ Lynn was my wonderful neighbor for over 20 years. I will miss her walks by my house with Zoey and her cheerful smile.

“ Oh my Aunt Lynn was what I called here even tho we met after I married into her dearest friends family. Later at our wedding we learned that she knew my brother from laidlaw. She treated Steven and myself like her own. We visited her and her dog Bo a lot in the little mountain cottage she lived in whole in San Bernardino Mountains. We had the joy of having over an hour telephone conversation. She is such a sweet amazing woman of god. She is with our male and her dear friend Billie Lou. God Speed Aunt Lynn. You will be missed

“ Lynn was a sweet and kind lady. I met her when she lived in San Bernardino back in the late 1980's. She was a gentle soul and welcomed the friends of her children as if they were her own. I was a friend of her daughter Beth and we worked together. We would visit Lynn from time to time on our lunch breaks. Lynn had a beautiful smile and was always happy to see us. My heart goes out to her family and those that she has touched during her 81 years on this earth.

A class lady. Never seen her down, always laughing. Met her in 64 at the alpine cafe when she was a waitress and I was in town (mammoth lakes) remained in touch with her through the years off and on until her passing. Awesome lady. Many memories.
