“ I too served with Mel (Chief) on the Point Doran 70-72.. I spent a lot of after hours at his house mesmerized by his war stories! The best Chief I served with in my own 20 year career! We will see you again on the other side of the bar Chief.

TO

“ I served with Mel (Chief Goff) on the Point Doran in Everett in 1972. He was a great mentor and a very sweet man.

“ My grandpa was an amazing man. He took in my sister and I and taught us everything. He took me to school everyday. He taught me how to do math. He taught me how to drive. He helped me any way he could. He always told me how proud he was of me. I miss him more than anything, but I'm glad he's with my grandma now.

“ *Mel was a wonderful neighbor. He looked out for other people in many kind and thoughtful ways. He was also a gifted woodworker; his handcrafted Christmas lawn decorations were a delight not just to his beloved grandchildren but to everyone in the cul-de-sac. We are so sorry that due to COVID we couldn't visit him after he moved away. We miss him and Sharon but find comfort in that they are reunited in heaven.*
