

Noah Gould

June 15, 1981 - October 1, 2024

On October 1st, 2024, our beloved son Noah died unexpectedly. Noah was born in Novato, California and was active in soccer. In 1990 we packed up and moved to Silverton, Oregon. We had wonderful friends there and loved living in a small town. Due to circumstances beyond our control, Noah wound up moving to Corvallis in the year 2000. He called Corvallis home for the last twenty-four years.

Noah had a regular routine that he would walk daily. He was known for his kind, gentle way about him when people crossed his path. He was never embarrassed to share his faith with others. His struggles made him relatable to others. They knew he understood.

Noah was an extraordinary artist, and the art flowed out of him in an easy, creative way. Many things were a struggle to Noah but his artwork and clay figures that he made for friends and family were an outpouring of love from his heart.

Noah suffered from a rare seizure disorder since he was two years old. He ultimately died from it by a rare occurrence called SUDEP.

He leaves behind his loving mom: Charlotte Murphy; his kind and gentle step-dad: Rod Murphy; his dad: John Gould and step-mom: Erin; brothers: Joshua Gould, Graham Gould and Trevor Gould; his sister: Moriah Gould; step-brothers: Grant Murphy, Samuel Murphy and Michael Murphy. Noah has three beautiful children: Zacheriah, Madison and Anna. He loved them so much and they were the stars in his life. He also leaves behind his devoted companion:

Abby, who was with him until the end.

Noah is preceded in death by his many friends who died way too young and that he has missed so much. They are reunited in heaven, and they are rejoicing that Noah is there, whole and healthy.
