

Robert Brown

January 19, 2008

Robert Merle Brown passed away early Saturday morning after a long, courageous battle with lung disease.

He is survived by his loving wife of 57 years, Gene, daughter Kathy, her husband Steve, grandchildren Matt and Andy, son Scott and grandchildren Mackenzie and Michaela, and brother Ray, his wife Jennie and their family. Bob transformed teaching to an art form, and although a very private man, brought public education a fresh perspective.

To honor his time with us, and his passing to the next level, a celebration of his life will be held at 2:30 p.m. on Friday, Feb. 1, at DeMoss-Durdan Funeral Home. Contributions can be made to the American Lung Association.
