“ As we continue to go along with our lives since you've passed, living in Hawaii, we are constantly reminded of the good times our families have shared here in Hawaii, the beautiful beaches and sunny weather year round in particular which we know you loved. You loved the islands and we and the islands love you, we will always keep you in our hearts! Until we meet again, love & Aloha

“ I met Shelli in 1988 when I married the boy across the street from her parents house. She was always sweet and wore the brightest lipstick. She was funny and always smiling. Her parents were very close to my in laws so it felt like she was family. My sister i law was a Shelly also so she was always referred to by the Roberts family as Shelli Wilson, even to this day. Love to her Family, Dana Roberts Kellogg

“ Shelli first impressed me with her fun and loud eye make-up. I loved chatting with her in the PHS office. I will remember her as a caring, perceptive, no nonsense lady. Just my type. I will miss her and send hugs and love to her family.

“ *Dear Williamson Family,
My heart breaks for the loss of Shel. I knew your mom when I taught at Philomath Middle School. She always wore stylish Egyptian eye-liner. I know, you say. What a strange detail to remember. But, your mom embrace the world with her own genuine style.
I also will always remember a BIG gulp type cup on her desk.
Your mom LOVED and embraced each and every student at PMS.
She loved everyone and we LOVED her. I will miss your mom greatly*
