“ Just saw this— coach Demonner was a great one— coached me in late 60’s at Awalt HS. Got all over me all the time, made me a better young man. Bless you, Coach.

“ Ron was the finest person I ever knew. He always made time to help any of his players. His dedication to helping young men prepare for life’s future challenges is second to none. His wit and wisdom, his smile, and his love of helping others reach their potential is leaving a huge hole in the hearts of all that new him. This world has lost a great one.
