“ *Rozella was always kind and thoughtful. I remember the photos she and Hal shared with Vineyard Mountain residents, showing vegetation changes since the 1970s. Many community members remember and comment about these photos to this day. Thank you Rozella.*

*While I know we did not agree on all aspects of forest management on the Mountain, Rozella was professional and reserved. i could tell she respected another point of view by being quiet about it.*

*My best to the family, especially my friend Hal.*
