“ *Stan never met a stranger and was big part of the Willamette Valley music scene for many years. He was respected and loved by so many people. If you went anywhere with him you heard choruses of "Hi Stan" throughout the room. He was a wonderful father and I could never have repaid him for all he did for me and my family. I will love and miss him always. His smile and laugh are burnt into my mind. He will never be forgotten. Until we meet again, love you Dad.*

Les, this is a wonderful tribute to the man, Stan. Few knew him as you did but those of us that met him came away with a smile because his smile was infectious.

There is not enough time left in my life to express what was great about my old Buddy! I had more great times with him then I can recall, and when ever I needed him he was there: He was my inspiration when I was young, and truly a Big Brother through out my life! I will always, love, Remember, and respect him , more then Life itself, and proud to have been his friend, forever!

My dad was always cool from his 32 Ford hot rod to his jazzmaster guitar and life as a musician. He had a smile and a laugh you couldn't forget. He helped a lot of young musians get their start. I loved him and was proud of him. I think of him everyday and hold his memory tightly in my heart. Love Ya dad!
