“ I am so sorry to hear about Terry's passing. I wanted to reach out to his family to tell them how much I respected Terry for his knowledge, kindness and honesty.

I met Terry probably 15 years ago or so. I was supposed to give a lecture at OSU and I could not get to my power point on my computer. My friend gave me Terry's number and I called him. He understood the urgency of my dilemma and rearranged his schedule that day to assist me. He drove out to my home in Lewisburg and quickly retrieved my much needed file. I was so thankful. He said he had a minimum one hour charge, so he was happy to stay the hour and "clean up" my computer. Later he fixed the underlying problem (overheating).

Over the years he has continued to help me. I have always felt that his advice was in my best interest. He was always extremely accommodating to my crazy schedule and allowed me to drop off/pick up things at his home at odd hours.

I recommended Terry to numerous friends and my mother. My mother lived in Stoneybrook and also liked Terry very much. She recommended him to numerous friends and neighbors in her area.

My mother started to develop dementia a few years ago. Terry was aware of her decline because of the numerous calls she made to him as her cognitive function declined. He was always extremely kind and patient with her. After she passed, he was very thoughtful in his condolences.

I feel honored to have known Terry and I send my deepest condolences to his family.
