“ *My deepest condolences are being sent to all of Thomas' loved ones.*

*My memories of Thomas are from a long time ago and yet seem like it was only yesterday. I was Thomas' first hire, as his Administrator, when he was appointed Director of the Centre for Advanced Wood Processing. We started out sharing an office and then moved into a new state of the art building. His children might remember getting a Christmas box of goodies from Canada/me when they were in Switzerland, where Thomas was consulting with the experts. There were many years together at the Centre and Thomas was a great guy, boss and all round human being. Memories of him will live on in so many people. May God blessings be with all of you at this very difficult time. Take comfort in each other, Wendy Johnston*
