“ Sue, Laura, Jeffrey & Family,

We offer our heartfelt condolences at Bill's unexpected passing. I remember Bill fondly and enjoyed working under his direction on sound and computing projects at CEC, where he extended an enduring welcome to us at all times.

We must sadly miss him for now, but have full knowledge that we will see him...and each of you...again in a bright and promised future.

God's blessings and comfort upon each of you.

In Christ,

Steven and Karen Meador

My deepest condolences. I remember Bill providing computer services when I worked for Corvallis Radiology. He was always smiling and always willing to help. A brilliant man with extraordinary skills. Although I left the company many years ago, I will always remember Bill.
